

EGYPT PILGRIMAGE

FEBRUARY 2026

7 DAY SACRED JOURNEY THROUGH
THE TEMPLES OF ANCIENT EGYPT

INTRODUCTION

Egypt Pilgrimage.

Egypt. A land that radiates with Divinity. Frequencies felt by many of us that feel so recognizable from the Ether, bringing the essence of who we truly are. This is your invitation to explore Yourself, to remember.

Invitation to experience the temples of Ancient Egypt through your being.

To experience the indescribable power carried by the ancient temples of Egypt.

To feel how the temple walls activate your energy body, awakening remembrance within You.

THE EXPERIENCE

Egypt is a sacred land that is energetically very powerful. We will be visiting places that will provoke your energetical body, your DNA codes of remembrance from the Golden Age of Ancient Egypt. The information about the temples that we are going to experience will be shared on the next pages.

The mysticism, the magic that Egypt carries is almost impossible to explain with words. The group who will be there together will be already a remembrance of a family.. We will explore ourselves and one another through the miracles that Egypt has to offer.

The days in Egypt will start with the sunrise to be among the first to arrive at the temples. Before heading out to the temples, you will be nourished with glorious fruit selection Egypt has to offer. Throughout our journey, we visit 12 sacred sites of Ancient Egypt. Lunches vary depending on the day. Food will be dominantly plant-based. Occasional camel or pigeon meat as an offering may be provided if you feel called to. So can be an option to fast and really open yourself up to the energies that are there.

In the evening, we gather as a circle, we share from our experiences, integrate, share food and glorious dinners, rest and take time for ourselves.

As well, the time spent there, will be filled with shared activities, different ceremonies with ceremonial cacao, Blue Lotus tea, dance and yoga accompanied the sunrise and sunsets over the Nile River plus experiencing the vibrancy of Egyptian life and culture.

The experience itself is just as important as the integration. The experience tea and cacao ceremonies, intuitive yoga evenings, channeled meditation circles, and sharing circles to help anchor the experiences from the day. Additionally, an integration call takes place after the pilgrimage.

ABOUT THE HOST

My name is Romet, your guide on this journey of Love through Egypt.

A soul traveler devoted to know the depths of One Self.

My journey throughout life has called me to sacred places around the world in India, Nepal. Bali, Greece, yet Egypt, in my experience, has been something unparalleled. So magical, so powerful.

This is largely due to the exceptionally well-preserved temples, which allow one to experience the Pure frequencies and energies they hold.

When I visited Egypt for the first time, it was a truly life-changing experience for me. Enhanced intuition, layers of shed karma, more Joy, more gratitude, more Love!

Inspired by this journey, the desire arose in my Heart, even while still in Egypt, to share this experience with others. To take you to places you would most likely not discover on your own while visiting Egypt, and to bring you the beauty of this land—a truly transformative encounter with the magic, power and Beauty of Ancient Egypt!

THE FLOW

DATES: 23RD OF FEBRUARY TO 1ST OF MARCH 2026

LOCATION: LUXOR, EGYPT

ARRIVAL

You will be picked up from the airport by the taxi driver arranged for you. We will softly land in the accomodation, spread into our little temple nests, gather as a circle in the evening and share some grounding nourishing food together.

KARNAK & LUXOR TEMPLE

Karnak is one of the largest and most impressive temple complexes in the world, where lies the original statue of **Goddess Sekhmet** from the Ancient Egypt. As well the temple of **Opet**, the temple dedicated for the mother of mothers.

Luxor temple is connected also to Karnak, which holds one of the two original **Obelisks** remaining in the world grounding the Divinity into the land of Egypt still nowadays.

DENDERA TEMPLE: GODDESS HATHOR TEMPLE

The Dendera Temple is one of the best-preserved temples from Ancient Egypt. Its centerpiece is the Temple of **Hathor**, dedicated to the goddess of love, music, joy, fertility, and healing. Hathor was also seen as a mother figure to the pharaoh and a protector of women.

From my own experience, new light codes and light language came through when visiting the first time, what felt like a DNA upgrade. We will visit the Zodiac circle that was mapped down already thousands of years ago as well the room dedicated to Music.

THE FLOW

PHILEA AKA ISIS
TEMPLE +
KOMOMBO + EDFU

The Temple of Philae, dedicated to **Isis**, the goddess of magic, motherhood, and protection, is one of Egypt's most enchanting temples. This place is a true masterpiece.

The Temple of Kom Ombo, located along the Nile, is unique because it is a dual temple dedicated to two gods: **Sobek**, the crocodile god of protection and **Horus**, the falcon-headed god of kingship, healing, and the sky. The temple's dual dedication represents harmony between opposites: creation and destruction, chaos and order., where one can see and sense their own dualities.

The Temple of Edfu is one of the best-preserved temples in Egypt and is dedicated to **Horus**, the falcon-headed god of protection, kingship, and divine justice.

VALLEY OF THE
KINGS & QUEENS

The Valley of the Kings and the **Valley of the Queens** were designed as eternal resting places for the elite. The tombs were meticulously constructed and adorned with symbolic artwork to ensure the deceased's safe passage to the afterlife and their immortality.

The site holds a deep vibration, as it was designed to honor the cycle of life, death, and rebirth. The valleys exude an energy of guardianship, symbolized by the protective gods and goddesses depicted on the tomb walls. During my first visit there, I connected with **Anubis**, the jackal-headed god of mummification, and **Ma'at**, the goddess of truth and cosmic balance, are common figures representing vigilance and harmony.

ABYDOS TEMPLE

The Abydos Temple is was primarily dedicated to **Osiris**, making it a symbolic gateway to the afterlife. The temple was designed to honor the journey of the soul, from earthly existence to its ultimate union with the divine.

The name means "Abydos" is reflecting its sacred significance as a burial place.. The site became linked to the burial of **Osiris**, the god of the afterlife, cementing its importance in Egyptian religious tradition.

THE FLOW

HATSHEPSUT
TEMPLE

The **Hatshepsut Temple** was dedicated to **Amun-Ra**, the chief deity of the New Kingdom, as well as **Hathor** (goddess of music, fertility, and motherhood) and **Anubis** (god of mummification and the afterlife).

This alignment strengthened Hatshepsut's claim to divine favor.

Amun-Ra is one of the most important deities in ancient Egyptian mythology, embodying a fusion of two significant gods: Amun, the hidden and mysterious creator god, and Ra, the sun god. Together, Amun-Ra became a powerful symbol of divine authority, cosmic order, and universal creation.

DEPARTURE

On the day of the departure, we take time to pack our things, come together as a circle for the one last time and say our goodbyes to the beautiful souls and experiences we take together with us from this journey.

Taxi will take you to the airport, where you will be able to fly off to your home or next destination in ease.

● EXTRA OPTION TO
EXTEND THE STAY:

Option to extend your stay in Luxor if you'd like to stay for longer and integrate the experience

OR

Take a flight to Cairo and go visit the Pyramids and the Grand Egyptian Museum. These will be added to the program in the upcoming pilgrimages as Egypt is a big piece to take in at once.
